

# Addison Wesley's Review for the Computer Science AP Exam in C++

For five years, Susan Horwitz was the chair of the Advanced Placement Computer Science Development Committee, which sets the AP Computer Science curriculum and writes the exams. She has written this review with a first-hand knowledge of what students need to prepare for the exam. This updated version of the market-leader contains two new practice exams, one for the A exam and one for the AB exam, and features updated discussions of C++ concepts that are relevant to the exam.
