Created by filmmaker Guy Ritchie, (Lock Stock, Snatch and Sherlock Holmes). The second volume in the Gamekeeper series. With the announcement of the existence of the Draganov Equation - a formula that contains the means to produce cold fusion - the world turns its attentions on the small Scottish estate of Glen Morgan. But not all the attentions are good, and although Brock shies away from the spotlight, an old acquaintance looms in the darkness of the Russian KGB. Sadic surrendered his left eye to the paternal rage of the Chechen Gamekeeper, and now its time to claim his due. But all parties will get more then they bargained for when Sadic contracts The Soccer Club, a team of assassins headed by The Raven, an infamous sharpshooter, for the Raven is no random hitman... Exquisitely conveyed, dramatically illustrated, this tale is a flawless victory. - Silver Bullet Whats most refreshing about this title is that it feels like its own creation, instead of a retread of well-worn genre. - Variety If theres ever a perfect treatment for a new gritty action movie Game Keeper #1 is it and I want to see more of it as soon as possible! - Comic Addict Its a book with a solid concept. A solid story. And rock solid artwork.- Aint it Cool
